Premium Bracket

The Spring Arm has a 1° incline keeping banners taut and easily snaps back into place after graphic changes.

Created from stainless steel and aluminum, this bracket system will withstand the harshest outdoor elements without rusting. The spring arm bends up to 60° to deflect the strongest winds, helping banners last longer. Also, the spring arm reduces wind load on street poles. Stainless steel bands make it easy to attach the brackets to wood or steel poles. Patent #6378820

SAIL SIGN BANNER DISPLAYS

Suggested Uses:

- Trade Shows
- Outdoor Branding
- Product Intros
- Sale Events

The slightest movement makes these banners flutter, creating motion to attract attention to your message. Available in four styles, ranging from 6' up to 17' tall. Full-color banners can be printed single or double-sided for maximum visibility. Poles are constructed of a strong and flexible carbon composite material that is superior to the aluminum options.

SAIL SIGN MOUNT FOR TENT FRAME

Suggested Uses:

- Tailgating
- Outdoor Festivals
- Sporting Games
- Racing Events

Your sail sign paired with a ShowStopper Event Tent will increase attention. Secure any 7'-15' Sail Sign to the leg of a ShowStopper tent frame, adding height and saving you space by eliminating the need for a Sail Sign Base. See pages 76-80 and 82-83 for Event Tent options.
