Imagine the possibilities...

THE DISPLAYFOLIO®

Exhibit & Display Catalog

THE DISPLAY FOLIO®
Exhibit & **Display** Catalog

In the demanding environments where display products are relied on day after day, customers increasingly recognize the importance of quality and of having a partner who can support their evolving needs.

Whether you need one stock item or five thousand custom frames, we are committed to being your source for quality and value in visual merchandising.

We continue to invest to improve the quality of the products and services we deliver to you, our customers. It takes a team effort from our employees, whose priority is ensuring that your projects are successful. Our approach has always been to listen carefully to our customers, and to deliver products that meet your evolving display needs. We service a wide range of industries.

We are proud of our extraordinary reputation for quality, value and reliability. We source the finest quality components, and because we manufacture in the U.S., our supply chain is shorter, "greener", and we can offer customizable solutions tailored to your needs. We are excited about our future and look forward to continuing our pursuit of opportunities together!

B.C.I. IMAGING

A PRODUCT BOOK

This catalog strives to show exactly how our products are made and how they work. Suggestions on uses are offered using rendered images. The goal is to offer exacting details and specs. We welcome your feedback and promise quality and value.

CUSTOMIZATION

Beyond the hundreds of products, configurations, layouts and options shown, this latest catalog is an Idea Book. Because we manufacture most everything in house, many products can be customized to client's specifications.

FROM CONCEPT TO ROLLOUT

Our team of project managers, designers, and engineers are ready to help take your idea from sketch to fully rolled-out solution. Our flexible US factory allows us to deliver exactly what you need quickly, with full CAD and prototyping capabilities.

CHARISMA Fabric Frames™

STUNNING VISUAL IMPACT

Available one or two sided, can be made to any size.

High resolution dye sublimated fabric graphics with a thin silicone perimeter sewn on. When fitted into the recessed groove of the Charisma aluminum frame, the result is a very attractive drum tight fit.
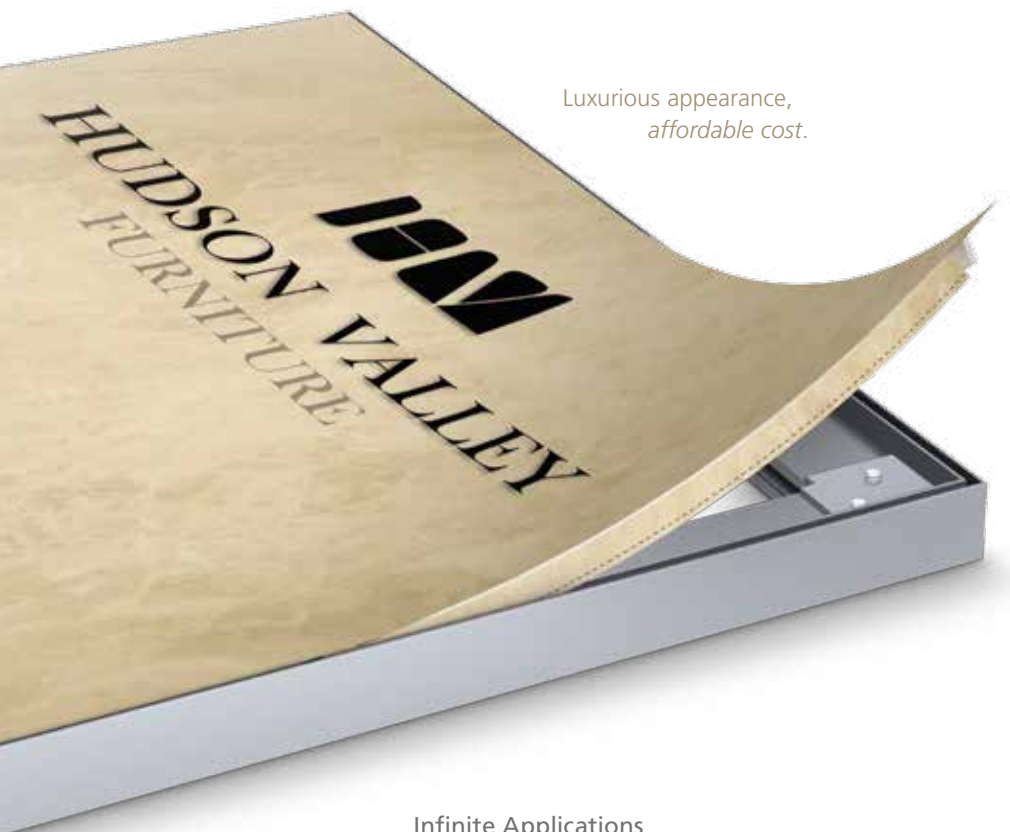

Luxurious appearance,
affordable cost.

CHARISMA Fabric Frames™ - the *perfect* display panel.

- One that is upscale and luxurious but still cost effective
- One where graphic changes are fast and easy
- One with texture that is non-reflective and sound absorbing
- One that is frameless with no visible sew lines
- One that packs, ships and distributes in a tube, yet can fill a wall
- One with the lowest shipping cost per square foot of graphic
- One that provides not just graphics, but great ambiance

Dye Sublimated Printing

Dye Sub Printing on fabric offers a richness and intensity of both color & texture. When assembled to our frames, the result is magnificent.

Infinite Applications

- Tradeshows, expositions & events
- Airports, bus & train terminals
- Retail store windows
- Retail interiors, P.O.S. applications

- Office, meeting, room interiors
- Space/room dividers, lobbies
- Hotels and hospitality settings
- Museum installations

< Shown with graphics and hanging hardware, sold separately. Metal eyebolts for hanging are included.

Swage & Spring Button Construction

FOR HALO STRUCTURES WE RECOMMEND HARNESS SETS

HRNS3 3 small shackles, 3 double loop lead wires (specify length), collection shackle, 20' pendant wire, 2 wire rope clips.

HRNS4 4 small shackles, 4 double loop lead wires (specify length), collection shackle, 20' pendant wire, 2 wire rope clips.

HRNS5 5 small shackles, 5 double loop lead wires (specify length), collection shackle, 20' pendant wire, 2 wire rope clips.
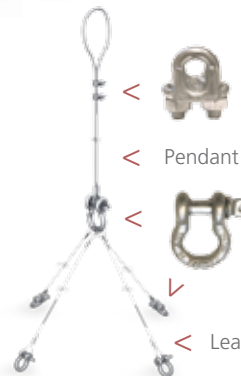

< Forged wire rope clips for creating desired size top loops. Use 2 to insure safety.

< Pendant Wire

< Large forged collection shackle and smaller forged shackles that attach to eyebolts.

∨

< Lead Wires

FOR CIRCLE MOONS

Because these structures are lightweight, we recommend using Double C Hooks and anchors to attach to ceiling. Found on pages 90-91.

For added safety, Use harnesses.

Fully test every installation as conditions vary, and neither the manufacturer nor the sales representative may be held liable for injury or loss or damage resulting from the use of these products.

Fabric Graphics

High impact 720 DPI Dye Sub Printing on a virtually "wrinkle free" stretch fabric, designed and engineered for this application. Custom printed from your art work.

Curved **Presto** Frame **PFK43C, GF43BC** graphic with end panels.

Presto Pop-Ups™

End Panel Brackets facilitate the wrapping of the sides, adding 25" to total graphic width.
A bracket is needed for each outer hub and assembly is easy.

Both straight and curved units can have their sides wrapped.

To completely enclose the frame - front, back and sides,
End Panel Brackets are required, plus an extra Velcro® brand hook perimeter.

EPB1 Brackets
easily attach to
frame with screws.

Curved unit with end panels:

PFK43C curved frame, **EPB1** end panel brackets (8),
GF43BC graphic face

JB1 Joining Brackets
join frames together,
call to determine quantity.

Completely enclosed on 4 sides:

PFK32 straight frame, **EPB1** end panel brackets,
32VB extra hook perimeter, **GF32A** and a **GF32B** graphic.
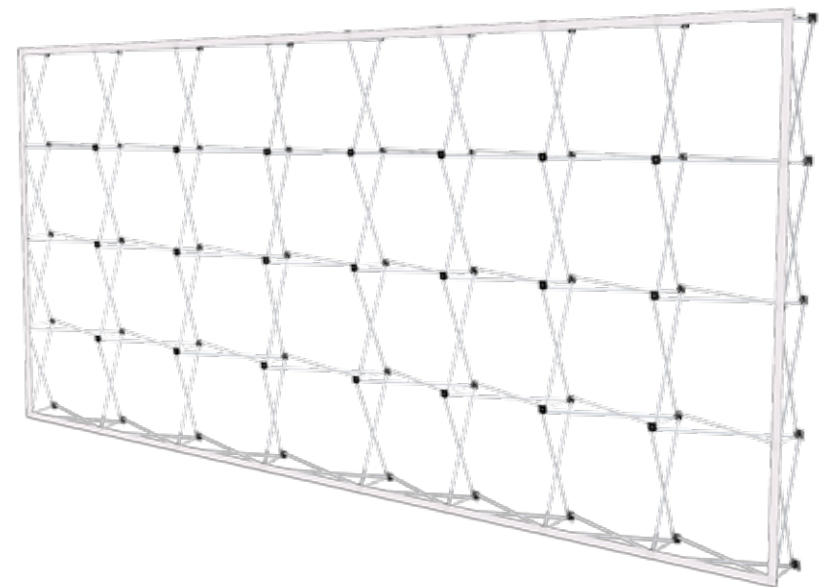

Superwide Presto Pop-Ups™

We will custom produce Pop-Up Frames
to any quad configuration, no matter how many quads.

The Velcro® brand perimeters, are sewn
in our own factory to exacting specifications.

Quads are always 30" square. Large frame assemblies
more than 15 quads do not include carry bags.

For pricing contact our friendly sales department.

MODERN FRAMELESS DESIGN

Adjustable Depth

HOLDS ANY RIGID SUBSTRATE UP TO 1" THICK

(as long as it holds its own weight)

Display graphics and attract buyers with single or double sided graphics. Our unique M shaped Steel Base assemblies accommodate up to 1" thick substrates.
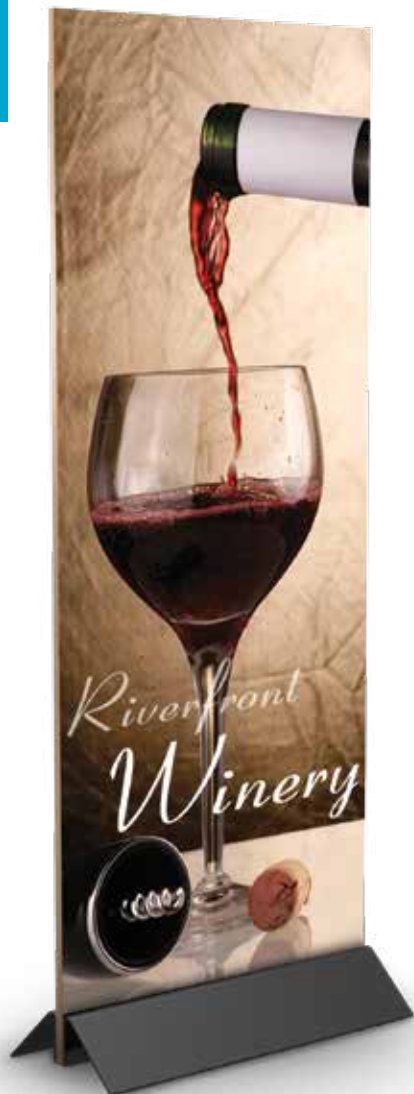

Interior holes with carriage bolts and wing nuts support any rigid graphics. Make matching holes in graphics or use without holes by sandwiching graphic above the carriage bolts.

Extremely cost effective; graphics are displayed in a modern frameless fashion. Extremely sturdy as all the weight is centered on the floor.

3-1/2" Height off floor, 9" front to back.
