### ALVIN® Architectural Butter Board

A versatile, neutral pH board perfect for architectural models. Rigid enough to cut cleanly and provide support, but pliable enough to serve a number of modeling functions. Also known as pulp board. Each sheet measures 32" x 40" and .040" thick. Cream color. 40/box.

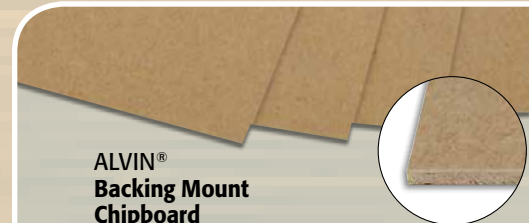

No. PU3240-40

### ALVIN® Architectural Chipboard

This sturdy, smooth finish chipboard is an ideal base for mounting architectural models. Also good for backing for art projects, or hand crafts like book making. Due to the nature of the material, there may be a variance in color. Available in single-weight, double-weight, and triple-weight to allow for various elevations. 30" x 40".

No.	Description
ANB30-50	.030", 50/box
ANB60-25	.060", 25/box
ANB130-12	.130", 12/box

### ALVIN® Backing Mount Chipboard

An ideal surface for creating a base for mounting architectural models, book making, mounting artist paintings, and other hobbies. This sturdy chipboard features a smooth brown finish. 32" x 40".

No.	Description
BM3240-4	.040", 40/box
BM3240-8	.080", 20/box
