OVERVIEW	
Face Film	4.0 mil. Clear-Ad® Clear Calendered Vinyl
Adhesive	Low-Tack Removable Acrylic
Liner	90# Stayflat
Opacity	Clear
Gloss Level	Gloss Clear
Indoor Durability	Up to 2 Years

SPECIFICATIONS	
Application	Clear-Ad IN is a clear, flexible vinyl with a specially formulated low-tack adhesive used for interior and exterior applications with no solvents required. This product is intended for use as high quality, interior/ exterior marking or decal in applications requiring easy removeability with no adhesive residue. No solvents are needed for the application or removal of Clear-Ad. Some of the many uses include POP window decals, automotive window decals and temporary signage.
Print Methods	For printing with HP Indigo line of digital printers
Minimum Surface/Ambient Air Application Temperature	+35° F. For lower application temperature requirements, ask your Catalina Representative about our other specialty adhesives.
Service Temperature Range	-10°F to 150°F
Adhesion	10 – 12 Oz. / in.
Water Resistance	Excellent.
Chemical Resistance	Good for most petroleum solvents and lower aliphatic alcohols. For ultimate solvent resistance, edge sealing is recommended.
Humidity Resistance	Excellent.
Shelf Life	Two (2) year when stored under conditions of 70°F and 50% relative humidity.
Printability	Leave 1/4" bleed.

The above information on physical and chemical characteristics is based upon tests believed to be reliable. The values are intended only as a source of information. They are given without guarantee and do not constitute a warranty. The purchaser should independently determine, prior to use, the suitability of this material for his/her specific purpose.
