

Ultimate Aqua 316 316CTL

Textured Lightblock Pop-Up Polyester Film

Applications

- Pop-up
- Displays

Benefits

- Premium Pop-up material - grey back, 98% opacity
- Textured, anti-reflective bright-white front surface
- Instant dry, scuff-resistant surface, no need for lamination
- Improve both work flow and display quality
- Superior colour gamut versus laminated media
- Antistatic treatment avoids attracting dust and slipping in the printer
- Stiff, perfect flatness
