

# Evolon 365 365SSE

## Evolon® Non-Woven Textile Base

### Applications

- Roll-up
- Wall covering
- Roller banners, Blinds

### Benefits

- Special coating for perfect printability even with (eco)-solvent inks
- M1 Fire rating ideal for POS and exhibitions
- Perfectly sewable

### Post Printing Information for Latex & Solvent Inks:

As with all filmic media, this product must be allowed to “gas-out” after printing.

This can be achieved by leaving the prints face up, ideally 24 hours, to set and harden the unique scratch resistant properties.

If unable to do this e.g. with a long print run, after printing the roll stand it vertically and loosely unwind as much as possible, to allow air in and gases out.
