K- MAG Mount
Magnetic Receptive Mounting Film

Patent Pending

MAKE ANY MEDIA MAGNETIC RECEPTIVE!

K- MAG Select Backer™ (SB)

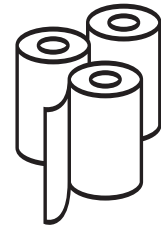

Magnetic Receptive Mounting Film
Patent Pending

Our patent pending K-Mag Mount product provides the ultimate flexibility in magnetic receptive media. K-Mag Mount allows you to pick the print media of your choice while providing the performance you expect from magnetic receptive media. Capture new markets, expand your applications and drive profits.

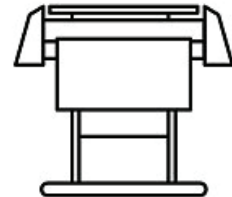

YOUR MEDIA

K-Mag Mount enables the freedom to take your media to any magnetic receptive application. Canvas, vinyl, polypropylene, polyester, paper, the possibilities are endless.

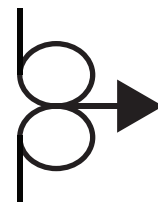

YOUR PRINTER

Can't find quality magnetic receptive media for your printer? Not anymore. Laminate K-MAG Mount to almost any media to create high quality, cost effective, magnetic receptive substrate that fits your printer needs.

MAKE IT MAGNETIC

Laminating K-Mag Mount to your print media to help create new market space and capture smaller run opportunities.

ON DEMAND = PROFIT

Minimize magnetic receptive inventory by transforming any stock you currently carry into magnetic receptive media. Just in time product, when you need it, where you need it and on the media of your choice.
