▶ DPF 5200

PREMIUM ETCHED GLASS FILM

DPF 5200 is a premium decorative film that simulates an etched glass finish for interior or exterior applications. Available in three standard finishes on synthetic liner, DPF 5200 is an ideal film to transform glass or clear substrates into elegant designs. Further customize graphics either by cutting out decorative designs or by printing on any of the finishes with standard digital print systems. DPF 5200 is the perfect choice for projects where a high-quality film for decorative etched glass designs is required.

FEATURES

- Simulate etched or sandblasted glass
- Easy to wet apply
- Offers privacy by obscuring visibility through the glass day and night
- Digitally printable on Eco-Solvent, Solvent, Latex and UV print systems
- Ideal for offices, retail, restaurants, residential, hospitals, hotels, banks, trade show graphics, etc.
